The Chicago Park District welcomes and encourages partnerships that enhance and support our mission and programs. The mission of the Chicago Park District is to:

To give people of all ages, identities, and abilities access to quality recreation, wellness opportunities, and sustainable green spaces in every neighborhood.

OVERVIEW

ARCS partners and the Chicago Park District develop a mutually beneficial agreement that outlines programs and activities based on a rigorous proposal process. The process assesses the merits of the proposed activities for the Park District and determines to what extent the activities further the Park District's mission. If it is determined that there is significant value of the program to the Park District, ARCS partners may eligible for special ARCS fees, as outlined in the program guidelines.

Ras Tafari Inc. produces SelassieFest, Chicago's roots reggae and cultural festival, end to end: artist contracting, staging, sound, permits, insurance and marketing. PLEASE NOTE:

We will consider partnerships for parks across the city, but prioritize partnerships that support parks with specific programming needs as determined internally by the Chicago Park District. Please note that for ongoing partnerships, proposals must be submitted at least annually, unless partnership agreements allow for longer terms.

Ideal partnerships show an equal financial and programmatic impact on both the Chicago Park District and our partners. A series of events may be considered as part of a partnership agreement, but one-time events are not eligible for the ARCS program.
