2026 Gross Receipts Limit

The Department of Procurement Services, which is responsible for the City of Chicago's Certification Program, has recalculated the average gross receipts limit that defines whether a business is an "Established Business." Pursuant to section 2-92-420(o) of the Municipal Code of Chicago, the gross receipts U.S. limit is adjusted annually based on the Consumer Price Index for Urban Wage Earners and Clerical Workers (CPI-W)[1].

The Annual CPI-W (U.S. City Average) in 2024 was 307.552. The Annual CPI-W (U.S. City Average) in 2025 was 315.285. By applying the following formula, the Gross Receipts Limit for Non-Construction businesses can be recalculated as follows:

(2025 Gross Receipts Limit / 2024 CPI) * 2025 CPI = 2026 Gross Receipts Limit

Or

($50,075,073.85 / 307.552) * 315.285 = $51,334,147.26
